**The First Japanese Joint Job Fairs In Cryptocurrency/Blockchain Industry
~ Connect 23 companies and over 300 engineers ~**

Date : Saturday, Feb 24 13:30-18:10 (briefing for press 12:30-13:00) @LIFULL Inc.(Kojimachi)

Gracone Inc., founded by Ms. Mai Fujimoto (CEO), is situated in Shibuya in Tokyo.

Ms. Mai Fujimoto founded the new company “withB Inc.”, which provides recruitment services specializing in crypto related industry. There is an urgent requirement to develop human resources in this rapidly growing industry. It is for this reason we held the first joint job fair in Japan. This time 358 engineers and 23 companies participated. Each company made a presentation about their company and service requirements. The response for this event was beyond our expectations. We are happy to note that we received nearly twice the number of applicants than our capacity for the event. And we can say that it was a very successful and a productive event.
